Jaworski resigns as special prosecutor

LEON JAWORSKI

WASHINGTON (AP) — Leon Jaworski resigned today as special Watergate prosecutor.

In a letter to Atty. Gen. William B. Saxbe, Jaworski said: "The bulk of the work entrusted to the care of this office having been discharged, I am confident that such of our responsibilities as remain unfulfilled can well be completed under the leadership of another special prosecutor."

Jaworski asked that his resignation be effective on Oct. 25.

In a second letter to Saxbe, Jaworski firmly rejected suggestions that his office indict former President Richard M. Nixon as a means of bringing legal challenge to the pardon granted Nixon by President Ford.

"For me to procure an indictment of Richard M. Nixon for the sole purpose of generating a purported court test on the legality of the pardon, would constitute a spurious proceeding in which I had no faith; in fact, it would be tantamount to unprofessional conduct and violative of my responsibility as prosecutor and officer of the court," Jaworski wrote.

Jaworski said he found nothing in the charter establishing the special prosecutor's office that would take precedence over the presidential power to pardon.

Ford granted Nixon a pardon for any federal offenses he might have committed during his term as President.

Jaworski gave no indication in his two letters to Saxbe that the pardon had prompted his resignation.

The 69-year-old Texas lawyer recommended to Saxbe that Henry S. Ruth, deputy special prosecutor, be named to succeed him.

Jaworski was named special prosecutor on Nov. 1, 1973, the same day Nixon appointed

Saxbe attorney general to succeed Elliot L. Richardson.

Richardson had resigned rather than comply with Nixon's order to fire Archibald Cox as special prosecutor. On Nixon's orders, Solicitor General Robert Bork as acting attorney general then fired Cox on Oct. 20, 1973.

NBC News Correspondent Carl Stern reported Friday night that Jaworski's departure was imminent, but a CBS radio reporter reached Jaworski at a New York hotel later in the evening and the prosecutor denied he intended to resign.

Presidential Press Secretary Ron Nessen and other White House officials said they knew nothing of Jaworski's plans.

Jaworski, 69, has made no secret privately of his desire to return to his Houston, Tex., law firm as soon as he felt that his major tasks in Washington were completed. He has been Watergate prosecutor since last November.

The jury in the cover-up trial was impaneled and placed under guard Friday.

Jaworski's son, Joe, said in Houston that he had last spoken to his father 10 days ago and "has not mentioned any plans to resign to me."

"It is presumed that if the announcement does not come tomorrow (Saturday), it will come in the near future," Stern reported.

Aides to Jaworski are to handle the presentation of evidence in the cover-up trial, in which five former aides to former President Richard M. Nixon are defendants.

Final effort on school contract

In a final effort to reach agreement with the Dixon Teachers Association on a contract settlement, the negotiating team of the Dixon School Board will meet with the DTA Monday night.

The meeting was called to review recommendations of a fact finder, called in by both sides after talks broke down.

According to James Dixon, school board president, if agreement cannot be reached at the Monday meeting, the board will hold an executive session prior to the Wednesday School Board meeting to discuss what avenue will be taken. At that time, Dixon said, the fact-finders recommendations and responses from both sides will be made public.

The DTA announced last week their willingness to accept the fact-finder's report. Apparently, the school board has rejected portions of that report, although Dixon failed to comment.

Agreement was said to have been reached in all areas except salary. Teachers earlier rejected a base salary of \$9,100 offered by the school board, the Telegraph learned. The salary reportedly offered by the fact-finder was said to have been higher than the \$9,100 figure.

Mrs. Ford back home

WASHINGTON (AP) — First Lady Betty Ford is back home with her family and recovering so well from breast cancer surgery that she plans to go to Japan with the President in mid-November.

Meanwhile, though, a White House spokesman said the First Lady's schedule will be restricted during a three-to-four week recuperative period.

Mrs. Ford was released from Bethesda Naval Medical Center on Friday afternoon, 13 days after she underwent a radical mastectomy for removal of her right breast, some chest muscles and lymph nodes from the underside of her right arm.

President Ford went to pick up his wife in a military helicopter.

Mrs. Ford's recovery has been described by her doctors as excellent; they reported she gained 2½ pounds in the past week and has regained excellent use of her right arm after her surgery.

As she stepped from the helicopter on the White House lawn, she was greeted with a hug and kisses by daughter Susan.

Homecoming queen crowned

Cindy Wolf was crowned 1974 Dixon High School homecoming queen at halftime of the Duke football game against Sterling Friday night at A. C. Bowers Field. Placing the crown on the head of the obviously thrilled Miss Wolf is the 1973 homecoming queen Janelli Nusbaum. At the left is Bob Wallace, while Scott Swan watches at the right. Rain dampened the festivities somewhat and the Dukes dropped a 19-0 contest to the Warriors to further dampen the spirits of the Dixon boosters. (Photo courtesy of Blankenberg Studio)

Ford administration ahead with jawboning effort on prices

WASHINGTON (AP) — The Ford administration is pushing ahead with a two-fold effort to talk prices under control while Congress begins work on Ford's legislative remedies for inflation.

An agency set up to monitor inflation held its first formal meeting Friday and selected its first targets: food processing and distribution, medical care, sugar and antifreeze.

Meanwhile, Ford meets today with his new 18-member Citizen Action Committee to Fight Inflation.

The President plans to spell out in a speech Tuesday in Kansas City what he wants Americans to do voluntarily to conserve energy and to fight inflation.

The Council on Wage and Price Stability labeled food processing and distribution "high priority." Food prices have been a leading ingredient in the current 11.2 per cent inflation rate and are expected to increase more rapidly as a result of disappointing harvests.

"The council will also devote a major effort to the costs and prices of medical care," the agency said. Medical care now costs 12.8 per cent more than a year ago.

Antifreeze, which is expected to be in short supply this winter, costs \$5 to \$6 per gallon, compared with \$2 last winter. And sugar prices have tripled

in the last year, the Commerce Department estimates.

The council has no powers to enforce restraint in wage and price increases, but it can coax and cajole through public hearings or private conferences.

On Capitol Hill, the House set a \$300 billion spending target for the current fiscal year, as requested by Ford in his economic address last Tuesday.

However, there was little hope that the new goal would be met.

"We're simply going through a pre-election exercise," said Rep. Elford Cederberg, R-Mich.

The resolution, approved 329-20 and sent to the Senate, has no legal effect.

The budget submitted last January projected a \$305 billion spending limit.

Treasury Secretary William E. Simon defended Ford's anti-inflation package in testimony before the Joint Economic Committee.

Simon said consumers will benefit from increased incentives for business investment because higher investment will lead to greater production and lower prices.

He called the President's proposed 5 per cent income tax surcharge on family incomes above \$15,000 one part of a "balanced, comprehensive and integrated package of economic policy."

Congress puts off recess to act on promised veto of aid cutoff

WASHINGTON (AP) — Congress has put off its campaign recess for a week to act on President Ford's promised veto of its cutoff of U.S. military aid to Turkey.

Senate and House leaders cancelled plans to start the month-long recess Friday night after the House killed a 60-day delay of the cutoff. The administration has said passage of the delay would have avoided the veto.

Democratic Leader Thomas P. O'Neill told the House that Ford's veto "is expected sometime over the weekend" and announced the House would reconvene Tuesday. The Senate is to act Wednesday.

The resolution enacted by Congress would halt all U.S. aid shipments to Turkey until Ford could certify "substantial progress" toward an agreement on withdrawing Turkish troops from Cyprus and could certify Turkey is not in violation of U.S. foreign aid laws.

Some opponents of the aid say Ford could not certify Turkey's compliance at all because of her use of U.S. aid weapons to invade Cyprus. Others contend Turkey would not be in compliance until its occupation forces are withdrawn from

Cyprus. The State Department has refused to say what would constitute compliance.

House leaders, including Speaker Carl Albert, urged the House to approve the Senate-passed 60-day cutoff delay to give Secretary of State Henry A. Kissinger more time to try to help work out a Turkish force withdrawal from Cyprus.

But opponents led by Rep. Benjamin S. Rosenthal, D-N.Y., said that would be Congress' endorsement of another two months of Turkish occupation of Cyprus.

"You will give the Turks 60 more days to rearm," Rosenthal said. "They will get into an intransigent position from which they will never negotiate."

Rosenthal said \$6 million worth of U.S. aid, much of it small arms ammunition, is in the pipeline for delivery to Turkey.

But Rep. Clement J. Zablocki, D-Wis., floor manager of the 60-day delay resolution, said Ford has agreed that only two shipments would be delivered during the two months.

Two persons were killed and three others injured in an early morning collision on Ill. 2 near Sauk Valley College.

Dead are Daniel Garza Jr., 22, Rock Island, and Skeets H. Millard, 25, Highland Park. Three passengers in Millard's converted bus were injured and taken to Community General Hospital, Sterling.

According to investigating State Police, Garza, driving a Volkswagen, and Millard were traveling west on the highway when Garza attempted to pass the bus. Preliminary reports said the front of the bus hit the Volkswagen and both vehicles went off the road into a ditch, where they overturned. Both victims were reportedly pinned beneath the wreckage.

The injured, riding in the bus: Anne L. Williams, and James G. Landau, both 27, Boscobel, Wis., and Victor Castaneda, 22, Sterling, were taken to Community General for treatment and released.

Investigation into the accident continues.

Coroner Robert Preston was called to the scene, following the accident which occurred at 1:50 a.m.

Sharpen opening statement for Watergate trial

WASHINGTON (AP) — Prosecution and defense lawyers in the Watergate cover-up trial are spending the weekend refining their opening arguments and planning strategy for the long-awaited start of presentations to the jury.

A jury of nine women and three men was sworn in on Friday. Another six women were seated as alternate jurors.

After hearing U.S. District Judge John J. Sirica admonish them to "use your good common sense... and... approach this matter objectively," the jurors and alternates were escorted home to pack for what could be three or four months separated from their families.

Sirica made public pretrial motions which he had sealed

during jury selection.

In one, former President Richard M. Nixon's doctor said he must undergo treatment for phlebitis for a period of between three and five months and that to travel to Washington to appear as a witness during that period could create "a potentially very serious risk to his health."

John D. Ehrlichman, former White House aide and the prosecutors have subpoenaed Nixon to appear as a witness.

In addition, former White House staff chief H. R. Haldeman said in another motion that he intends to seek Nixon's testimony.

Sirica told defense and prosecution lawyers to submit their responses to Nixon's motion by

the end of the day Wednesday.

Haldeman and Ehrlichman contend that the ex-president's testimony is essential to show how much they knew about Watergate and how they advocated full disclosure of what was known.

Richard Ben-Veniste, assistant special Watergate prosecutor, is scheduled to begin the trial Monday with about 2½ hours of opening statements. Opening statements by lawyers for defendants Robert C. Mardian, Kenneth W. Parkinson and Ehrlichman will follow.

The five defendants are charged with conspiring to block the investigation of the Watergate break-in. All but Mardian also are charged with obstruction of justice.

Cover-up attempt may be damaging to Mills

LITTLE ROCK, Ark. (AP) — The manner in which reports of an incident involving Rep. Wilbur Mills were handled may be more politically damaging to the 36-year-veteran congressman than the incident itself, according to some of his associates.

"It's kind of, to me, like another cover-up, I guess you could say. So, I think what I would hope Mr. Wilbur Mills would do is come forth and be honest with the people. I think this is what we need in our government and that's my biggest objection to this whole thing that's happened," said the Rev. Keith Goza, pastor of the Arkansas Democrat's hometown church, the First Methodist Church in Kensett.

Mills has attended one service at the church since the Rev. Mr. Goza, 24, became pastor three months ago.

In Washington, Rep. Thomas L. Ashley, D-Ohio, said of Mills, "I think he's a goner. I don't think it needed to be fatal but he allowed it to be fatal. You don't disappear for four days with no explanation."

Mills, chairman of the House Ways and Means Committee, originally denied involvement in the Washington incident early Monday but later admitted that he was present when police stopped his car for speeding and operating without headlights.

Police said Mills, a passenger in the car, was bleeding from facial cuts and smelled of alcohol, and another passenger, later identified as a former stripper, jumped from the car and into the Tidal Basin after the vehicle was stopped early Monday.

In a statement issued through an aide on Thursday, Mills said he was trying to take the woman home from a party because she did not feel well. He said his original statement denying involvement was the result of a misunderstanding.

FANNE FOXE— This photograph of Fanne Foxe was used for advertising by a Washington, D.C., nightclub. According to the Washington Post, three sources say Annabell Battistella, one of the people in the car with Rep. Wilbur Mills, D-Ark., when it was stopped by U.S. Park Police, was dancing at the club advertised, Under the name Fanne Foxe. (A-2 Wirephoto)

Lawmaker's philosophy

President Ford lauds the motivation and discipline of the youths in communist China. Most people would behave too after seeing the communists shoot 30 million people for not thinking like the communists want them to.

If President Ford is really in favor of discipline then talk Congress into passing laws that will punish lawbreakers and no excuses by socialistic judges to change the intent of the law.

Attorney General William B. Saxbe keeps warning of the soaring crime rate—a six per cent rise in 1973 and 15 per cent increase in the first three months of 1974.

Saxbe says there is a strong demand for a national police force. If there is such a demand it comes from the group that desire to take

over the United States. That would be a lot easier if they controlled a national police.

Our local police are the best protection we have, so let's stick to this method.

Beatriz Allende, daughter of the late Comrade Allende, communist president of Chile, is the wife of a high-ranking official of Castro's secret police in Cuba. She was admitted to the United States after much pressure was applied to the State Department by socialists, such as Representative Abzug (New York), Senator Stevenson (Illinois), Senator McGovern and others.

I wonder if these American high officials have ever tried to stop the men Castro has sent here to kill Cubans who work against him.

Newspaper carrier day

Today is International Newspaper Carrier Day and we are proud to join thousands of other publications across the globe in honoring our carrier force.

"Newspapers—Freedom's Guarantee," theme of this year's observance, seems to us to be especially appropriate at this time and place in our own country's history and we pause to consider a special group of people who have helped make this so.

We are saluting a service obviously international in scope yet one which remains as personal as the on-the-doorstep delivery of your hometown paper. We are paying tribute to a group of young persons whose energy and initiative mark them as the leaders of tomorrow and prove them to be the doers of today.

Indeed, today's newspaper car-

rier is one whose job, by reason of necessity, has become more than essential to the news chain by which information is disseminated throughout this vast country. The working hours may be awkward and the weather poor, but if anyone thing can be for certain it is that the news carrier all too often is underappreciated.

With this in mind we make public our thanks to these "unsung heroes and heroines" of our right to free speech and we express our belief that their untiring efforts in this behalf are really a part of what the American "experience" is all about.

News Carriers, we congratulate you on your "day" and we give you our appreciation also for all the other "days" of the year you bring to us the world in our living room in the form of a newspaper.

Vengeance cures only symptoms

By DON OAKLEY

Defending his decision to grant probation to a confessed pusher of LSD to school kids, a Cleveland judge recently said, "If the police want vengeance, that's one thing. If they want rehabilitation, that's another."

Commenting on the uproar over the pardoning of Richard Nixon, Vermont Royster, retired editor of the Wall Street Journal, charged that, "Clearly, much of the anger vented on President Ford is in reality a cry for vengeance on Richard Nixon."

Attorney General William B. Saxbe described the box office popularity of a current movie in which a citizen takes the law into his own hands as "chilling." Yet shortly after that, the nation's chief law enforcement officer denounced the idea of rehabilitation as a "myth" and called probation, in the face of rising crime statistics, "a kind of never-never land . . . that has never lived up to its promise."

Says FBI director Clarence M. Kelley, "In America today there is a corps of hardened, experienced criminals who have been arrested time after time. And they keep on committing crimes."

Again from Saxbe: "The nation has been too starry-eyed in its efforts to rehabilitate—or recycle—dangerous, repeat offenders."

Well, just where does justice end and vengeance begin?

Vengeance is supposed to belong to the Lord. But few societies in history have been content to leave it in His hands.

The world's oldest criminal code, the Code of Hammurabi, was not overburdened with philosophical or sociological reservations. It was all quite simple: An eye for an eye, an injury for an injury, a life for a life.

Today, we are much more civilized. We have outlawed the branding iron and the whipping post. Capital punishment has been abolished in practice. We have learned that excessive punishment has no real de-

terrent value.

For example, pickpockets in 18th-century England used to have a field day working the crowds that came out to watch the hanging of—pickpockets.

Today, rehabilitation is the guiding concept of enlightened penology. Yet we actually do almost nothing to make it possible for a felon to find a useful place in society after he leaves our revolving door prisons. All the while, the crime rate continues to soar and we seem helpless in the face of it.

It is probably impossible to identify and isolate the element of vengeance that may be present in the outrage the ordinary person feels when he hears of a drug pusher being set free, or a disgraced president escaping the punishment meted out to his underlings.

Carried to its extreme, however—and that is where it seems to be heading—this self-doubt about motives, this quest for perfect, flawless justice will leave us even more paralyzed than we are now.

As it is, our courts are legalistic battlegrounds in which the amount of money one has or the cleverness of one's lawyer or the luck of the draw determining which judge hears the case are all too often the determining factors in whether justice is done or not.

A little vengeance might be of incalculable benefit to society.

Punish the wrongdoers—fairly, but quickly and surely. Then don't just put them away for a time but teach them skills and pay them for useful work in prison so that they may both make amends to their victims and have something with which to start a new life.

If all our best efforts at rehabilitation fail—and we won't know until we start spending as much on rehabilitation as we now do on re-arresting and reconvicting criminals—then lock them up permanently.

But first let the people see justice being done. Call it "vengeance" if you will.

In Maryland the issue is women

BALTIMORE (LENS)—Election time in Maryland, the state often said to be the most corrupt in the country, usually brings a scandal or two to light and provides a number of surprises. This year neither the Senate seat that is being contested nor the governor's mansion is expected to change hands, but the voters may confound the experts on Nov. 5.

Sen. Charles Mathias is expected to win a second term of office even though he is a Republican in a state that is heavily Democratic. The senator has spent the last six years treading the thin and perilous line of a liberal Republican and frequently opposed the Nixon Administration.

His challenger is the formidable Barbara Mikulski, an energetic Baltimore city councilor and women's rights activist, and many voters are torn between them.

Ms. Mikulski, who has been acclaimed for her work as chairman of the national Democratic party's committee on delegate selection, braved some criticism and enlisted the support of Gloria Steinem, the editor of "Ms" magazine, to help in her campaign.

Ms. Mikulski is not attacking the incumbent senator's liberal voting record but she is pointing out what she considers to be the inconsistencies in it—such as opposing the Vietnam war yet voting for large defense appropriations—and pressing her own proposals. For the nation these include providing tax relief for the poor by closing tax loopholes elsewhere and for Marylanders overhauling Baltimore's drainage system.

But Mathias is widely supported. He is one of the few Republican senators to have the endorsement of organized labor and in the primary on Sept. 10, he swamped his right-wing challenger, Ross Pierpoint.

He was even given a warm welcome when he turned up in Ms. Mikulski's home territory in a Polish part of Baltimore last week. However, he cannot assume that he has the race wrapped up.

Registered Democrats in Maryland outnumber Republicans by three to one and Mathias won in 1968 only because the Democratic vote was split by a maverick politician, George Mahoney, who stood as an independent.

Another incumbent who appears set for a second elected term in office is the Democratic governor, Marvin Mandel. Mandel was once the speaker of the state's house of delegates and took over the governorship when Spiro Agnew became vice president in 1969.

But his challenger, the softspoken former state legislator and staunch Republican, Louise Gore, has already proved that she is not to be underestimated. Her defeat of Representative Lawrence Hogan in the primary took most people by surprise. His campaign failed because he concentrated on attacking the incumbent governor instead of courting the Republican voters.

Although Ms. Gore is unlikely to be able to increase her vote substantially in the general election, she is hoping that the expected low turnout at the polls next month and the natural conservatism of the Maryland voter, Democratic or Republican, will work in her favor.

Louise Gore will also capitalize on Gov. Mandel's Achilles' heel. On Independence Day weekend last year the governor caused a major stir when he announced he was leaving his wife of 32 years for the divorced Jeanne Dorsey. Many viewed the governor's indiscretion with distaste; they were further upset when less than an hour after getting his divorce the governor married Mrs. Dorsey, who had meanwhile been converted from Roman Catholicism to Judaism. As a result Ms. Gore is expected to do well among women and Catholics.

Fish, politicians smell after awhile

By TOM TIEDE

WASHINGTON (NEA)—British critic Malcolm Muggeridge says that he has cast only one political vote in his life—for a candidate who, having recently been released from a mental institution, had a document attesting to his sanity. This November, American voters will likely have no such luck judging the suitability of office seekers, but there will be at least one kind of documentation to consider: each candidate will be classified as incumbent or no and perhaps this should weigh in a voter's decision.

A Washington group called The New American Revolution believes that except in rare cases, voters should reject incumbents this year, specifically those who've held their office for two terms or more. Hugo Buehring, Revolution coordinator, says election day should be rejection day for officials who've grown old in their jobs.

The idea, Buehring adds, is not just to throw the old rascals out, but to return public office to that which it was originally intended to be, an ever-changing repository for fresh ideas and activity unencumbered by political self interest. The Revolution group currently is trying to fire interest for the idea by public appeal; eventually it hopes to lobby for a Constitutional amendment which would do what voters are reluctant to do, limit the terms of all elected.

The thought is not new, as witness the 22nd Amendment, but, understandably, it is rarely discussed in this town. Sen. Mark Hatfield (R-Ore.) had the audacity to suggest the possibility in the Senate a few years ago. He felt no member of Congress should serve more than 18 years. Not surprising, his support was zero. Term limitation is dirty language among politicians; "All members of Congress have a primary interest in being re-elected," as ex-Representative Frank E. Smith once put it, "some members have no other interest."

And, to be sure, there are some serious flaws in the limitation thesis. On those wonderful occasions, as example, when truly decent men are elected to public trust it would seem

a shame not to take advantage of their excellence for as long a time as possible. If Abe Lincoln were mayor, and George Wallace challenging, the question of having a fresh face with fresh ideas becomes moot indeed.

On the other hand, limiting the term of the President has had no noticeable effect on the democracy, nor has the same curb on governors resulted in disaster for the states that so rule. Thus no matter that the proposal has no chance of ever becoming real law, because lawmakers do not pass laws against lawmakers, it may at least be considered by those voters this Autumn who are weary of the status quo.

The fact is, public office is not as accommodating to change as it once was. The founding fathers intended that the doors to elected responsibility should swing easily both ways so that a fickle electorate could regularly yank people out to put people in. Over the decades, however, elected office has tended to become a career rather than a fling. In 1870, according to Hugo Buehring, there was a 50 per cent turnover in Con-

gress each election, in 1900 this turnover fell to 30 per cent, and now it is about 12. During the last election 79 per cent of incumbent senators and 96 per cent of incumbent representatives won reapproval.

This trend, made possible of course by the American voter, has obvious and damaging consequences. The longer one is in office the more his political debt, and, in many cases, the less his spunk and spirit. Reform rarely comes from the kind of men who attain power by outlasting others in a seniority system; a nation expecting imaginative leadership from men who substitute power for imagination and compromise for leadership is a nation with small expectations.

On balance it is probably not a good idea to be against a candidate merely because he has won before. But there are, no doubt, worse ways to make up one's mind on Election day. It is one thing for voters to see and lament the lethargy and carelessness of career officials, it is quite another for free ballots to promote more of the same.

Watergate jury

The 12 men and women who will constitute the jury in the Watergate coverup trial currently in progress in Washington, D.C., face the prospect of being sequestered for as long as several months.

However long the trial takes, each night they will be locked up in their hotel rooms and denied access to radio, television and newspapers, and even private visits from family and friends, lest they be influenced by other than the evidence presented in court. Their only communication with the outside world will be

through or in the presence of their guards and court officials.

This will actually amount to a more severe and possibly longer confinement than has been handed out to some of the lesser figures convicted in previous Watergate cases, some of whom were sentenced to spend a few months in the easy atmosphere of "minimum security" prisons where the only restriction on them was that they could not leave the grounds.

Curious.

FUNNY BUSINESS

A Salute to THE DIXON EVENING TELEGRAPH Carrier!

THE ROUTE TO SUCCESS!

He's prompt, he's dependable, he — or maybe she — is your newspaper carrier. All year long, good weather or bad, adverse conditions or not, you know your paper will be there because your newspaper carrier knows it should be there. This kind of service, often taken for granted, is what he's all about. That's why once a year we take time out to pay special tribute to these people who form such a vital link in our chain of communication. International Newspaper Carrier Day is October 12. Remember, as we will, to give an extra pat on the back to that carrier of yours. He deserves it. We think you'll agree.

Miss Bolhous weds Dennis Grove

MR. AND MRS. DENNIS L. GROVE

OREGON — The Rev. Karl Kuntzman officiated when marriage vows were exchanged recently in the Light-house Methodist Church by Miss Debra Sue Bolhous, daughter of Mr. and Mrs. Willis Bolhous, Chana, and Dennis L. Grove, son of Mrs. Myrtle Grove and Leroy Grove, both of Oregon.

Vocal selections by Marvin Leopold were accompanied by Robert Knodle, organist, and decorations for the ceremony included altar arrangements of white gladioli, pastel-tipped carnations and baby's breath. Blue, pink and yellow satin bows were also attached to the church pews.

The bride, given in marriage by her parents, wore a floor-length gown of white peau de soie fashioned with an A-line skirt accented by lace appliques, a hemline of scalloped lace and a lace-trimmed chapel train. The skirt was topped by an empire bodice featuring a lace capelet, and a high neckline centered by a cameo brooch, which belonged to the bridegroom's maternal grandmother. Her elbow-length veil of three illusion tiers was attached to a lace crown, which she designed, and she carried a cascading bouquet of white roses, white carnations and baby's breath tied with pastel ribbons.

Miss Virginia Bolhous, Chana, was her sister's maid of honor, and serving as bridesmaids were Miss LaCinda Bolhous, Chana, and the bridegroom's sister, Miss Diane

Grove. They were attired in full-length Victorian gowns of white nylon imprinted with pastel roses, and they carried single long-stemmed roses clustered with baby's breath and rainbow ribbons. Their headdresses were white garden hats trimmed with ribbons matching the rose they carried.

Larry Henrichsen attended his stepbrother as best man; William Bolhous, Chana, brother of the bride, and Brian Bolhous, Chana, acted as groomsmen, and wedding guests were ushered by Arnold Noon and Gary Clark.

A reception in the church social hall for 150 persons followed the ceremony when guests were registered by Miss Brenda Bolhous, Chana. A three-tiered wedding cake, prepared by Mrs. Orvis Davison Jr., was served by Mrs. Louise Hay and Mrs. Davison, and punch and coffee were poured by Mrs. Vivian Gilbert, Mrs. Alice Baker, Mrs. Roberta Macauley, Mrs. Sue Golden and Mrs. Doris Bolhous.

The new Mrs. Grove, a graduate of Oregon Community High School, and the Rockford School of Practical Nursing, is employed as a Licensed Practical Nurse at Franklin Grove Nursing Center, and her husband, also a graduate of the Oregon school, is an employee of Arnold and Richard Noon, farmers in rural Oregon.

Since their return from a wedding trip to Kentucky, the newlyweds have been residing on Rt. 1, Oregon.

Auxiliary installs new officers

The Dixon Area Unit of the Marine Corps League Auxiliary installed new officers recently in the Knights of Columbus Home.

The installing officers were Mrs. Phil Calabrese, state president; Mrs. Joseph Namowicz, chaplain, and Mrs. Richard Olson, captain of the guard.

Those installed were Mrs. Jim Petty, president; Mrs. Dale Hussung, senior vice president; Mrs. Ed Nicklaus, Jr., vice president; Mrs. Cleve Pillars, historian; Mrs. Kenneth Richards, chaplain; Mrs. Kenneth Latta, judge advocate; Mrs. Jesse Gonzales, Mrs. Timothy Martin and Miss Kathy Richards, trustees; Mrs. Joseph Hermes, outer guard; Mrs. Fred Trickett, treasurer and Mrs. Timothy Martin, secretary.

A social hour and dinner preceded the installation and a dance followed the ceremony. Guests were from Rockford, Chicago, Oak Park, Mineral, Sheffield, Winfield and Prospect Heights.

The new officers will preside at a Marine Corps League Auxiliary meeting planned for 8 p.m. Tuesday in the VFW Club when Mrs. Latta and Mrs. Trickett will report on a staff conference held recently in Pekin.

Country Club bridge winners

Thursday night's dinner for Dixon Country Club members was followed by a bridge party when score prizes for women went to Mrs. Veal Benoy, Mrs. Otto Gerlach, Mrs. Laurin Williamson and Mrs. Frances Wilson.

Prizes for men were won by Philip Hopkins and Charles Hamill, and the next dinner-bridge was announced for 7 p.m. Oct. 24 in the clubhouse.

Bridge for women of the club will begin Tuesday when a 12:30 p.m. luncheon will precede 1:30 p.m. bridge games.

Rock River Grange installs new officers

Murray Newcomer was installed as master of the Rock River Grange at Wednesday night's meeting in the Grange Hall when the installing officers were Al Hennenger and Elmer Graham.

Mrs. Hennenger served as installing marshal; Mrs. Graham was the regalia chairman, and Mrs. Ruth Simon provided piano music for the ceremony.

Also installed were Gilbert Jaquet, overseer; Mrs. LeRoy Kreger Sr., lecturer; Edward Maves, steward; Mathias Levan, assistant steward; Mrs. Lucy Haenitsch, lady assistant steward; Mrs. Orville Joynt, chaplain; Mrs. Arthur Kunde, treasurer; Mrs. Jess Pierce, secretary; Harvey Pitzer, gate keeper; Mrs. Gilbert Jaquet, Seria; Mrs. Floyd Thompson, Pomona, and Mrs. Edith Barnhart, Flora.

Appointed to serve on the executive committee were Harold Gerdes, Orville Joynt and Robert Tourillott.

Mrs. Schultz is honored at shower

ROCHELLE — Mrs. Diane Schultz, rural Steward, was honored at a baby shower hosted Sunday afternoon by Mrs. Evelyn Keimig and Miss Elinor Schultz, Rochelle.

Prizes won in games were presented to the honoree, and guests included Mrs. L. R. Mittan, Miss Pamela Ritchie, Mrs. Mary Patch, Mrs. Verdelie Burkhardt, Mrs. Sally Keimig, Miss Debbie Bender, the Lila Blalock family, Mrs. Nancy Penny, Mrs. Mary Gagnon, Mrs. Carol Barron, Mrs. Marguerite Van Hise and Mrs. Karen Burkhardt.

Gifts were sent to the shower by Mrs. Paula Pest, Mrs. Pat Gittleton and Mrs. Mary Lea Hibbs, and appropriate baby shower decorations trimmed the refreshment table.

Mothers' Study Club meeting

Mrs. Wayne Levan entertained 17 members of the Mothers' Study Club Wednesday night when Gary Wilke and Charles French presented a program of "Women's Defense."

Introduced by Mrs. Ivan Swegle, the speakers showed a movie on "Self Protection for Women," and demonstrated techniques women can use to protect themselves.

Mrs. Virgil Childers conducted a business session, and devotions were given by Mrs. Joan Long on "The Peak of Courage" by Dr. Harold Blake Walker.

Refreshments were served by Mrs. Levan and her assisting hostesses, Mrs. Kenneth Hyatt and Mrs. Childers, and a Halloween party was planned for the next meeting Oct. 23 with Mrs. Joy Fahs.

Extension council to sponsor demonstration at 4-H Center

MRS. SUSAN HECKMAN was photographed as she prepared to participate in a public food demonstration, "Creative Cookware," to be sponsored by the Homemakers Extension Council at 7:30 p.m. Thursday in the Lee County 4-H Center. Mrs. Heckman will prepare two Chinese dishes, pepper steak and chicken with walnuts, in a wok. The demonstration was planned to acquaint interested persons with foods popular in other countries, and the equipment used to prepare them. Reservations for only 100 persons are available, and they must be made by contacting the Lee County Extension Office, 857-3525, Amboy. (Telegraph Photo)

"Creative Cookware" a demonstration on the proper use of cookware popular with ethnic groups, will be sponsored by the Homemakers Extension Council at 7:30 p.m. Thursday in the Lee County 4-H Center.

Arrangements for the public program, planned for both men and women, are being made by Mrs. Vernon Brickley and Mrs. Gene Bothe, and a small fee will be charged to pay for the food to be used during the demonstration.

A deep dish Italian pizza will be made, and Mrs. Richard Otto and Mrs. Archie Severson will prepare a Norwegian krum-kake.

Cooking equipment to be demonstrated includes a tostite sandwich maker (French), Mr. and Mrs. Richard Lovett; freuden pan (Danish), Mrs. Brickley; rosetteirons (Scandinavia), Mrs. Clifford Sekse, and a Chinese wok, Mrs. Sue Heckman.

Reservations for only 100 people are to be made by telephoning the Lee County Extension Office, 857-3525, Amboy.

The purpose of the demonstration is to acquaint interested persons with ethnic cultures as they watch foreign foods being prepared with the proper equipment. Those interested in acquiring some of the utensils will be informed where they may be purchased in this area and their approximate cost.

Talkative Ted opened the king of hearts against the three-trump contract and continued with the queen after South ducked. South won the second trick and led a heart right back.

"Thank you, my friend," said Ted. Then he proceeded to cash his last two hearts. East didn't feel at all thankful. He had been forced to discard two clubs and a spade, while declarer had gotten rid of one club and one spade from his own hand and dummy.

After taking his hearts, West shifted to the queen of clubs. South cashed his ace and king. Poor East was squeezed out of either his spade or diamond stopper and South had his nine tricks.

If Ted had been a student of the classics and had kept quiet and thought, he might have remembered about beware of Greeks bearing gifts. He need not have cashed either of his hearts.

Instead he could have led the queen of clubs. South would have been forced to win the trick. Otherwise, West would have been able to set the contract right then and there with his hearts.

South could have struggled along, but he would never have been able to collect that contract trick.

Incidentally, West's play is called the 'cannibal squeeze,' in that he ate up his partner's tricks.

Dear Ann

by Ann Landers

Dear Ann Landers: I am a girl 17 and my sister is 12. We need your help desperately.

Our father has been secretly dating another woman off and on for several years. Mom knew about it and broke them up on two occasions.

Last January Mom died. Dad started to date this woman almost immediately. Sometimes he doesn't come home at night and we know he is with her.

It looks like they are going to be married. This is very hard for us to take because we know how much heartache she caused our mom. The woman is divorced and has two children. There are four of us. (We have two younger brothers.)

My sister and I think that if the ten of us try to live under one roof it will be a disaster. We are unable to hide our true feelings for this woman and don't know what to do. Are we wrong in feeling this way? — From Chicago

Dear Chicago: I have no idea what your father's marriage was like, and neither do you. I am not condoning his behavior, but I am suggesting that there might have been some factors you kids didn't know about.

If your dad does marry this woman please do your darndest to create an atmosphere of acceptance and forgiveness. Remember — "Hate the sin, but love the sinner."

Dear Ann Landers: It's taken me until now to simmer down after reading the letter from the young man who wanted to picket the doctor's office because he was sent a bill for \$40 after removing a plantar's wart.

I have been a medical assistant's secretary for nearly three years and I am sick of hearing complaints like this. First of all, a doctor is a professional man who has studied, worked and sacrificed many precious hours of leisure that many of us take for granted.

My boss is at the hospital at 6 a.m. to make his rounds. He pinch hits for other doctors, does clinic work, attends meetings and is in his office at 12:30 to see patients.

His bills are reasonable, yet I must spend hours sending out "reminders" and telephoning patients about long-overdue remittances. It's strange how they turn from sick and desperate people to deadbeats. They MUST see the doctor at once because they are dying! When they get well they'd rather have died than pay their bill.

Thanks for listening, Ann. I feel better now. — Teed Off
Dear T. D.: I hope the kid who had the plantar's wart sees your letter. And for the record, the price was NOT high. If the job was well done and the wart was removed permanently, he got a bargain.

Dear Ann Landers: Our 19-year-old son is stationed about 600 miles from home. He

phones collect every Sunday, and I live for those phone calls. I told him before he left to call us collect, in fact, I insisted on it.

Whenever his collect calls come my husband becomes annoyed. He says the boy should cut down on something else and pay for the calls himself if he wants to talk to us.

I should add, this lad sends his younger sister (who is handicapped) \$10 a month, so you can see he is not an insensitive person. Please give us your opinion, Ann. Should he call collect or not? — A Mother

Dear Mother: Thousands of parents whose sons were the uniform would give anything to hear their voices again, but they never will. Hand this column to your husband.

WW II Mothers Unit meeting

Mrs. Theodore Mason Sr., president of the Dixon Unit, Mothers of World War II, presided at Wednesday's unit meeting in Loveland Community House when Mrs. Edward Schick gave the opening prayer and led the pledge of allegiance to the American flag.

Mrs. Ralph Newman, chairman of the sale of Veterans Seals, reported that the seals had arrived. Proceeds from the sale will be used to purchase Christmas gifts for hospitalized war veterans, and Mrs. Lloyd Sheller, hospital chairman, stated that Veterans Research Hospital will be added to the 11 hospitals currently assisted by the unit.

A contribution for the Dixon United Fund was approved, and Mrs. Schick and Mrs. Newman gave reports on the Oct. 2 District 13 meeting in Rockford Memorial Hall, Rockford. Plans were also made for a district meeting in Dixon during December, and the next meeting was planned for 1:30 p.m. Nov. 6 in Loveland House.

The meeting concluded as members recited the "Mothers' Creed."

Wesleyans dinner-meeting

The First United Methodist Church Wesleyan Society met Tuesday night in the church for a scramble dinner and a program presented by Miss Esther Barton and Mrs. William Thompson, who exhibited items they obtained during their recent visit with the Cochiti Indians in New Mexico.

Special music included vocal selections by Mrs. John Wagner, Sterling, and Mrs. Dennis Milby, who were accompanied by Mrs. Merle Smith, pianist, and Miss Roxie Smith, flutist.

Mr. and Mrs. Smith, chairman of the evening's committee, were assisted by Mr. and Mrs. Lowell Wilson, Mrs. Harold Espy and Mrs. Edna Quick.

Frost-damaged beans may be worth more than farmers think

Illinois' frost-damaged soybeans may be of much greater value than their first appearance would indicate. This was the advice given by Illinois Director of Agriculture, Robert "Bud" Williams at a soybean seminar held this week in Springfield.

Attending from this area were State Representatives Harlan Rigney, Merle Anderson and Robert Brinkmeier, who were asked by the director to assist in getting out information to all growers in their district.

"A bean green in color may not be a damaged bean by U.S.D.A. standards", Rigney commented. Unless a bean is "forest green" in color on the inside and flat shaped, it would probably not be considered damaged.

A bean reaches its maximum oil and protein content at least three weeks before maturity, so that a half-size bean will still carry the same percentage of these ingredients.

Processors in attendance stated that green oil would be a suitable food product if accepted by the housewife. A process of bleaching is another possibility but can be costly. No processor was willing to commit himself on a discount schedule where damage exceeded eight per cent, but there was agreement that up to the eight per cent figure that dockage should not exceed 18 cents per bushel.

Producers in attendance stated that many of the green beans are changing color now. This was confirmed by a University of Illinois engineer who stated that air-dried beans are changing colors but those

artificially dried at higher temperatures were not changing. He advised the group that field drying or air drying in bins seems to be more successful.

It was also stated that small or green beans may not present a problem with germination for next year's crop.

Farmers were advised to get an official grade wherever dockage seemed to be excessive. This would then give them a bargaining point as they negotiated a price.

Hurt as car rams into porch

One man was injured Friday when the car he was driving skidded off West Third Street and slammed into two parked cars and a porch.

John P. Cleary, 41, 507 Depot Ave., was taken to KSB Hospital for treatment following the crash. According to Dixon Police, Cleary and another motorist, David L. Brigl, 21, 910 N. Brinton Ave., were traveling west on Third when Brigl's auto collided with the rear of Cleary's car.

Impact sent the Cleary auto off the road and into a lawn at 701 Third St., where it struck a parked car owned by Margaret Weimer, 707 W. Third. The Weimer auto was pushed backwards into another parked car owned by Darlene Endress, 707½ W. Third.

Cleary's car continued rolling into a porch where it came to rest. Brigl was cited for driving too fast for conditions.

Driver accused

Stephen L. Huck, Jr., 34, DeKalb was arrested by Lee County Sheriff's Deputies Friday on Perry Road, 2½ miles east of Steward. Huck was charged with illegal transportation of liquor. He was released on bond.

Endorse Shapiro

Myron Olson of Dixon, chairman of the Citizens for Senator Shapiro Committee, announced today that State Sen. David C. Shapiro (R-Amboy), has received the endorsement of the Dixon Building and Construction Trades Council.

Olson stated, "The Dixon Council has jurisdiction in Lee and Whiteside Counties and their endorsement is certainly a big plus for Sen. Shapiro. I feel this endorsement indicates the tremendous support Senator Shapiro has been receiving from the working man."

Olson pointed out that Sen. Shapiro also recently received the endorsement of the Dixon Local of the American Federation of State, County and Municipal Employees, representing state employees in the Dixon area.

SVC cheerleaders are selected

Five women were chosen to serve as cheerleaders at Sauk Valley College for the 1974-75 academic year following competitive tryouts which were held earlier this month at the college.

Claryce Holmberg, cheerleading advisor and associate professor of physical education at SVC, said members of the squad are Kalah Jenkins, freshman, Polo; Fayette McKee, freshman, Rock Falls; Ginger Smith, freshman, Polo; Jo Arduini, freshman, Rock Falls, and the captain of the squad, Cherry Rex, sophomore, Eldena.

Charged after family tiff

Jerry Lee Clevenger, 18, 352 W. Everett St., was being held in Lee County jail today following his arrest Friday by Dixon Police on a charge of criminal damage to property. Clevenger was named in a complaint signed by his mother following a domestic disturbance at the family home.

Reportedly, Clevenger threw a rock through the window of his mother's car as she attempted to leave the house. She drove to the police station where a complaint was signed.

Van and car in collision

A van and a car collided on South Peoria Avenue near River Street Friday. Vehicles driven by Eugene R. Gann, 31, Oregon, and Christine M. Johnson, Nachusa, were northbound on Peoria, according to investigating Dixon Police, when Gann changed lanes and struck the Johnson car. Police cited Gann for improper lane usage.

Nabbed by troopers

Wiley G. Shippert, 70, Rt. 2, was arrested Friday by State Police on U.S. 30, one mile west of Nelson Road. Troopers charged Shippert with having no valid driver's license and no valid registration.

Participants in action at the fourth annual cheerleading workshop sponsored earlier this month at Sauk Valley College.

Junior high cheerleaders learn ropes at SVC clinic

More than 100 junior high school participants from 12 area schools took part in the fourth annual cheerleading workshop held recently at Sauk Valley College.

Claryce Holmberg, associate professor of physical education and cheerleading advisor, said the workshop was conducted by members of the college's cheerleading squad. They are Kalah Jenkins, Polo; Fayette McKee, Rock Falls; Ginger Smith, Polo; Jo Arduini, Rock Falls, and the captain of the squad, Cherry Rex, Eldena.

Girls who participated in the fourth annual workshop studied sportsmanship, crowd control, starts, tumbling, jumps, yells and endings. Recreational activities included relay races, push ball contests, cheerlead-

ing presentations, and skits performed by members of the college's Women's Recreation Association.

Miss Holmberg said the highlight of the workshop was cheering competition held on Saturday. Nineteen squads competed for three trophies which will be presented at awards assemblies at each of the winning teams' respective schools.

The seventh grade cheerleading champions, representing Ohio Consolidated Schools, are Tracy Corey, Jill Etheridge, Tonya Rogers, Mary Smith and Kelly Townsend.

The eight grade champions came from St. Mary's School in Dixon. Squad members there include Kelly Devine, Anna

Gunnon, Janet Kelly, Anna Love, Jan Robinson, Gerianne Sheridan and Mary Weitzel.

The combined seventh and eighth grade competition winner was East Coloma Elementary School. Participants there are Suzie Branch, Debbie Guthrie, Maggie Hineuber, Gwen Jackley and Kathy Kurtz.

Sauk Valley College Athletic Director Frank Palumbo addressed the participants and invited the cheerleading teams to come to an SVC basketball game and cheer.

Other schools represented with squads were Amboy, Ashton, Challand in Sterling, Coleta, Lincoln in Dixon, Prophetstown-Lyndon, Madison in Dixon, Paw Paw and Riverdale.

Arrested in family dispute

OREGON — A family disturbance in Hillcrest Friday night resulted in the arrest of Jerry L. Dodson, 26. Dodson was charged with disorderly conduct by Ogle County Sheriff's Police called to the Dodson residence by Dodson's wife. She told police her husband had put his arm through a window in attempts to get into the home and had gone to Rochelle Community Hospital for treatment. Police went to the hospital and placed Dodson under arrest. He was released on bond.

Truck overturns

Lee County Sheriff's Deputies were investigating an accident this morning involving a truck which overturned on U.S. 51, 1½ miles south of Compton. The driver of the truck was taken to Mendota Community Hospital, according to preliminary reports. Details of the accident were not known at press time.

Ticketed after auto collision

No injuries were reported in a two-car accident Friday in the 900 block of North Galena Avenue. Autos involved were driven by Clarence Hackbarth, 55, Rt. 3 and Gerald E. Senn Jr., 35, 1203 W. Seventh St. According to Dixon Police, Hackbarth was leaving the Eagle parking lot turning left onto Galena when Senn was turning into the lot. The cars collided in the northbound lane. Hackbarth was cited for failure to yield.

Like the ebb and flow of the tides, there is a rhythm to our lives, the ebb and flow of sleep and wakefulness.

If you are 30 years old, you have spent some 10 of those years asleep. An infant may sleep 14 or more hours a day.

Slowly, our sleep requirements shorten, until reaching the adult state of some eight hours a day. But there are still wide variations from person to person, depending upon the mysterious biological clocks within us that regulate our lives.

And while sleeping, the inner clock ticks on. We breathe, the heart beats, and we dream. Freud calls dreams "the royal road to the unconscious," keys to the hidden levels of the mind. In dreams, we can achieve what we can't have in our daily lives, fulfill desires we may not even be aware of. Sometimes we cannot face those desires and we mask them even in our dreams with symbols of other things.

Dreams also help us stay asleep, preventing stray thoughts of the day's troubles

from waking us in the middle of the night.

When do we first dream? As infants, probably. Perhaps even in the womb, says Dr. Julius Segal of the National Institute of Mental Health.

What may appear to be restlessness in the sleeping infant may actually be a sign of what researchers call "rapid-eye-movement" sleep, or REM sleep. This is one of the stages of sleep, the one associated with dreaming.

Dr. Segal says that about half of the time an infant is asleep, he or she is in REM sleep, compared to 20 per cent of the time

for an adult. And an infant who was born prematurely appears to be in REM sleep most of the time. "It would seem," Dr. Segal says in Pediatric News, "as if dreaming begins in the womb."

According to sleep experiments, REM sleep is produced by activity in the lower portion of the brain stem, which Dr. Segal says is the first part of the brain to be formed in the embryo. If dreams are the result of our senses and experience, then consider that the fetus feels a change in position, and the infant feels changes in temperature, mother holding him, feed-

ing. "All of these might be re-experienced in a dream," says Dr. Segal.

Dr. Segal also has observations on two sleep problems, bed-wetting and sleep-walking.

Bed-wetting seems fairly common, in perhaps 15 to 22 per cent of children. Much of it seems due to a still developing central nervous system, an immaturity. Perhaps 10 per cent of the children will have neurotic symptoms. A doctor should be consulted if the problem seems serious.

Sleep-walking: Dr. Segal says some 15 per cent of all

children between 5 and 12 have experienced at least one sleep-walking incident. Again, a developing, immature central nervous system seems to be responsible and "affected children almost invariably outgrow the condition."

One of the best prescriptions for a good night's sleep: Always sleep on a hard mattress. Another is getting regular exercise.

Ewald installed as commander

ASHTON—Leroy Ewald was recently installed as commander for 1974-75 of the Ashton Legion Post 345, American Legion. This was their first fall meeting.

Other officers, to be installed by a former past commander, Ralph Salzman, and a past county commander, were Dean

Heckman, senior vice commander; Charles Vaupel, junior vice commander; Millard Cole, adjutant; Kenneth Farver, finance; Robert Dean, chaplain; Martin Witzel, sergeant at arms.

A past commander's pin was presented to Hugh Wood as the outgoing commander.

The Worry Clinic

By DR. GOERGE W. CRANE
CASE B-666: Dr. Jesse Fischer was president of the Akron Dental Society when I recently addressed its convention.

"Dr. Crane," he said during our luncheon, "we are having trouble with certain insurance firms that try to tell us what fees we may charge."

"For example, they demand that we cannot ask more than \$5 for an amalgam filling."

"Yet they seem to have little concept of the cost of a surgeon's half hour at the operative chair, plus the salaries of our Dental Assistants, and other overhead, including rent, utilities, expensive X-ray machines, etc."

"So we are urging all the Ohio dentists to unite in denying outside bureaucrats the right to set our fees or tell us how to operate our dental offices."

Braintruster Dictators
Bureaucrats also scream to high heaven about the profits of the oil industry.

And they purposely delude the American voters making it look as if a jump in the percentage RATE of profits is actually the same as in the actual profits earned.

For example, just three years ago Shell Oil Co., cited an annual profit of less than six per cent.

Suppose in this year of in-

NOTICE OF SALE
PUBLIC NOTICE IS HEREBY GIVEN that, pursuant to Decree of Foreclosure entered in said Court in the above-entitled cause on September 10, 1974, I, Martin D. Hill, Associate Circuit Judge of said Court, appointed in the above-entitled cause, will, on November 6, 1974, at the hour of 10:00 A.M. of said day, at the North door of the Courthouse in the City of Dixon in said County, sell at public vendue to the highest and best bidder for cash, the following described real estate situated in Lee County, Illinois to-wit:

TRACT I: The East 60 acres of even width of the Southwest Quarter (SW 1/4) of Section Seventeen (17), Township Thirty-eight (38) North, Range One (1) East of the Third Principal Meridian, subject to highway dedication dated September 18, 1935, recorded in Book 3, page 111; and

TRACT II: The North Half (N 1/2) of the Northwest Quarter (NW 1/4) of Section Twenty-one (21), Township Thirty-eight (38) North, Range One (1) East of the Third Principal Meridian, ALL of said premises being situated in the County of Lee and State of Illinois, and containing 140 acres, more or less;

or so much thereof as may be necessary to satisfy said decree with interest thereon, and costs of suit, including costs of sale.

At said sale, I will give the purchaser or purchasers a certificate or certificates showing the amount of the bid or bids, a particular description of the property sold, and the time when the purchaser or purchasers will be entitled to a deed or deeds for such property unless the same shall be redeemed according to law.

flated prices, due to shortages and the embargo of oil from Iran, its profit rate should reach 12 per cent.

Politicians would then cite that 100 per cent jump from six per cent to 12 per cent but try to make the voters think Shell's profits were 100 per cent.

Actually, the profit return would still be only 12 per cent this year, even if the rate

jumped 100 per cent from the six per cent previous year!

Will you economic pros in high school and college please show your students the vast differences between this jump in RATE vs. the actual profit returns?

And those bureaucrats, both in insurance offices, Medicare and Medicaid, as well as in the HEW and other federal bureaus, must wise up to the financial facts of life.

Socialistic Uncle Sam takes 50 per cent of a corporation's earnings though the stockholders who furnish the capital to

operate such firms may get less than two per cent.

Last year, for example, Mrs. Crane and I drew dividends of one and one-half per cent on our Fidelity Mutual Fund holdings!

Yet that Boston mutual firm is one of the topnotchers in its field, with investments shrewdly scattered over dozens of the leading corporations of the U.S.A.

Moreover, the mutual fund managers charge but a small fraction of one per cent for their management skill.

ARIES (March 21-April 19)
There are a lot of little chores you could get out of the way if you put your mind to it while you're in the mood. They won't take long.

TAURUS (April 20-May 20)
If you're planning to entertain today, confine it to a small group of your less active friends. You won't have much of a mess to contend with.

GEMINI (May 21-June 20)
You will be a bit more of a homebody today than you generally are. Center your activities around things the family can do together.

CANCER (June 21-July 22)
Use some of your spare time to catch up on correspondence and paperwork. Later this week you'll be glad you did.

LEO (July 23-Aug. 22)
You'll show considerable common sense and practicality in your material affairs today. It's not likely you'll be bested in any manner.

VIRGO (Aug. 23-Sept. 22)
In most things that will confront you today you'll gain the upper hand if you use your initiative. Don't treat them passively.

LIBRA (Sept. 23-Oct. 23)
Today will be more enjoyable for you if you aren't involved in anything too noisy or active. Some solitude is required.

SCORPIO (Oct. 24-Nov. 22)
The friends you'll feel most at ease with are ones who share the same practical interests you do. Other types will offer you little.

SAGITTARIUS (Nov. 23-Dec. 21)
You are not apt to be idle now regarding a goal that is important to you. Something productive will be accomplished.

CAPRICORN (Dec. 22-Jan. 19)
Be both philosophical and practical in handling issues that arise at this time. This combination will steer you through neatly.

AQUARIUS (Jan. 20-Feb. 19)
You'll have an occasion to remind one who is indebted to you of what is owed. Do it in a detached, unemotional way.

PISCES (Feb. 20-March 20)
You find pleasurable harmony in relationships that are important to you. You also fit very nicely in situations that call for teamwork.

Oct. 13, 1974

This year you will receive some unexpected help from behind the scenes just when it's needed. However, depend more on your own efforts than the efforts of others.

Today in history

By The Associated Press
Today is Saturday, Oct. 12th,
the 285th day of 1974. There are
80 days left in the year.
Today's highlight in history:
On this date in 1492, Christ-
opher Columbus discovered
America.
On this date—
In 1822, Brazil attained for-
mal independence from Portu-
gal.
In 1870, the American Con-
federate military commander,
General Robert E. Lee, died in
Lexington, Va.
In 1942, in the Pacific war,
American forces defeated the
Japanese in the Battle of Cape
Esperance on Guadalcanal.
In 1947, the American flag
was lowered on Corregidor as

that fortress rock was trans-
ferred to the Republic of the
Philippines.
In 1960, Soviet Premier Ni-
kita Khrushchev shattered
decorum at the U.N. General
Assembly by pounding his desk
with his shoe.
Ten years ago: Army forces
took control in South Vietnam,
ousting the government of Ma-
jor General Nguyen Khanh in a
bloodless coup.
Five years ago: The Soviet
Union had two manned space-
ships in orbit around the earth
at the same time.
One year ago: President Nix-
on nominated House Minority
Leader Gerald Ford as Vice
President.
Today's birthday: Chairman

Joe Cronin of the American
Baseball League is 68.
Thought for today: I have
never taken any exercise ex-

Anderson keys Sterling win over Dixon

By MIKE CUNIFF
Telegraph Sports Editor

It was one of those games that had to be heard to be appreciated. The sounds of popping pads, crunching tackles and body-bruising blocks were audible to those listeners on the sidelines.

Sterling High School and the Dixon Dukes met under the lights of A. C. Bowers Field with a possible NCIC title at stake Friday night. Both teams were 2-0 in conference action going into the contest, which was highlighted by the Dukes' homecoming.

When the echo of the last hit finally faded away, Sterling had proven the Dukes mortal and had taken the top of the hill with a 19-0 victory. Golden Warrior fullback Rod Anderson keyed the win with a pair of touchdown dashes and a 60-yard sprint that set up the third six-point.

Gets 216 Yards

Anderson, who had eight touchdowns for the season going into the game, bulled his way for 216 yards in 20 carries, including bursts of 71 and 60 yards. The sophomore running back now has accumulated 955 yards in 128 attempts in six contests this campaign.

"I'd like to play them (Sterling) without him," Sam Applebaum, Dixon head varsity football coach, commented about Anderson. "Before the game, we felt he was a good back but you can't take anything away from him; he's just a super back."

"He's tough and is the best back I've seen as far as power and speed goes. But I wasn't disappointed in the way our kids played. Sometimes the difference between winning and losing is pretty small."

The Differences Were . . .

And Applebaum summed up the differences pretty well. "They made the big play and we didn't," he commented. "First, Anderson made his long run. We had three men hit him but he spun away. Secondly, we had a fumble and gave them the ball on our 20 and the third time, Anderson caught in a switch of our linebackers."

"He ran right by Mike LeBlanc, who

had just entered the game because Doug Devine was removed when he was shaken up. Anderson cut right through LeBlanc's hole, but LeBlanc caught him from behind to save the touchdown."

The LeBlanc tackle prevented Anderson from racking up his third score of the contest, but only momentarily stopped a Golden Warrior drive that surged from its own 18 to the Dixon end zone in only six snaps of the ball. Anderson got four and eight yards on two carries before he zoomed down the left sidelines for 60 more, with LeBlanc making the stop.

Skrongstad Gains Three

Gary Skrongstad picked up three to the seven-yard line. Doug Schmalting then cracked the middle for a quartet and left tackle for three yards and a touchdown, to make it 19-0. Steve Marschang's soccer-style extra-point boot was wide to the left.

Anderson garnered the opening pair of Golden Warrior touchdowns on runs of 71 and five yards. Sterling started on its own 23-yard line after Matt Brandenburg kicked off. The Golden Warriors fumbled on the first two plays but Jason Anderson fell on Rod Anderson's bobble and Rod Anderson dropped on Skrongstad's miscue to maintain possession and move the ball to the 29.

A churning, squirming Anderson then shed three would-be tacklers at the line of scrimmage and continued onward for 71 yards into the end zone to shatter the scoreless tie at the 10:37 mark. Marschang's boot was no good.

Fumble Turns It Over

Dixon moved from its 10 to the 48 before LeBlanc fumbled and Dan McMillin fell on the ball for the Golden Warriors. Sterling rolled up three first downs as Anderson picked up 19 yards in four carries and Skrongstad added 13 on three attempts. Mike Wietlispach tackled on five on a roll-out around left end before being cut down by Duke linebacker Chuck Murphy.

Dixon called time out with 4:31 remaining and the ball on the 14. Dan Kopacz downed Wietlispach for a loss of four but Anderson then got back to the original line of scrimmage before being

tackled by Devine, who had 10 stops in the first half.

Wietlispach was swarmed under for no gain on third down and 10 before Marschang failed to convert a 29-yard field goal effort which was rushed heavily by Devine and Murphy. Murphy was shaken up on the play and removed from the game. The linebacker was taken to the hospital for observation for possible knee damage.

Have to Punt Once More

The Dukes once again could do little in their possession and Vail had to punt. Dixon did manage a pair of first downs as Mike James went up the middle for a pick-up of eight, before being struck hard by Sterling defensive back Wes Williams.

LeBlanc's gain of three on a counter earned the Dukes a fresh set of downs. Vail then hit Ron Murray on a slot-in pass for a 16-yard success before the drive sputtered. The teams then exchanged punts before the Dukes took over on downs on their own 20-yard line, with 2:06 left in the half.

But on the first play from scrimmage Vail fumbled the snap, with the ball bouncing into the arms of fallen Sterling lineman Chuck Musgrove on the 21. It took the Golden Warriors three plays to move in for six points, with Anderson going the final five yards for the touchdown.

Avanche of Tacklers

Anderson was buried under an avalanche of tacklers to start the drive (gain of one) as Pat O'Sullivan and Bob Pinegar made the initial hits. Wietlispach then completed his second consecutive pass of the evening, hitting Doug Renkes for a gain of 15 before Jan Blackburn pushed the Golden Warrior receiver out of bounds on the five. Anderson got the call and responded with his scoring rush by dragging Jeff Webb into the end zone.

Marschang's kick for the extra point, with Mark Holdorf holding, was good and Sterling led 13-0 with just over a minute remaining. Vince Melendrez returned Marschang's kick-off 10 yards, to the 30, before going down under a host of tacklers.

James, who had been bottled up with

only 10 yards in three carries, exploded for 40 yards in as many attempts before the half ended. The senior back cracked over right tackle for a dozen, sliding around a Musgrove tackle attempt before being cut down by Wietlispach and Williams.

Illegal Motion Call

Dixon took time out with :35 left and then James bolted over left tackle for eight more. Another rest preceded an illegal motion call on the Dukes before James gained 20 yards up the middle. The final play of the half, Sterling's Mike Davis sacked Vail for a minus 10. It was the second 10-yard loss for Vail, with Davis putting the stop on both times. Davis also rushed the Dixon quarterback on several occasions and knocked down one pass.

Half-time stats reveal Anderson with 131 rushing yards in 16 efforts, while Skrongstad had 20 in a half-dozen tries. The Golden Warriors had run 31 plays from scrimmage with eight first downs, with five by rushing and a pair on passing. Dixon had five first downs, with three on the ground and one each by passing and penalty.

The Dukes had two scoring opportunities in the final half but were halted on each occasion. After Melendrez brought back the kick-off 15 yards to the Dixon 35, Vail engineered a drive that carried to the Golden Warrior 12.

James Rambles for 29

Four different runners picked up yardage, with James nothing 29 yards in three jaunts including a 20-yard gain where he carried Wietlispach and Williams for several strides. LeBlanc had three yards in two efforts, while Reece Ashford added five in two. Vail had a solitary yard, but hit Kopacz with an 18-yard pass despite heavy pressure by Schmalting.

With the Dukes on the Sterling 13 with third and three, Vail's aerial to Murray was broken up by McMillin and Melendrez was thrown for a loss of four by Renkes on the fourth-down play to turn the ball over. The Warriors used the 60-yard burst by Anderson to make it 19-0 before the Dukes put together their second sus-

tained drive.

A personal foul by Sterling on the kick-off advanced the ball to the Dixon 37. James cracked right tackle for eight and LeBlanc got a fresh set of downs with a burst of five up the middle. Two successive losses left the Dukes third and 15, but LeBlanc got the necessary yardage with a 16-yard draw play.

Screen Pass Misses

Vail then went to the air and missed LeBlanc on a screen pass (with Schmalting responsible for the miss) before Melendrez gathered in an aerial for 18 yards. Mike Allen's key block enabled Vail to get the pass away.

James got two and seven before LeBlanc moved the ball to the Sterling eight on a three-yard run. LeBlanc added another two and James spun off a tackler to pick up another pair, but Schmalting and Terry Powers combined to dump Vail for a loss of 10 on third down.

A Vail-to-Murray pass was incomplete, with Sterling declining an offside penalty to kill the drive. Anderson shed four tacklers on the initial play and picked up 14 yards before Kopacz made the final stop. Muscle spasms then caused time to be called for Anderson, and the sophomore missed the remainder of the game.

Schmalting Takes Over

With Anderson out, Schmalting did the bulk of the running and responded with 20 yards in three attempts. Skrongstad added 19 carries before Mark Appleman saved a touchdown with a tackle. Marschang's punt rolled into the end zone after a clipping penalty cost the Warriors 15 yards.

Davis got to Vail for a loss of six before the Dukes turned the ball over on downs on their own 32. Sterling kept possession for only one play, however, as reserve quarterback Holdorf's pass was thrown right into the arms of Devine, who had a 13-yard return on the theft.

A clipping penalty put the ball back on the Duke 11. Four rushes netted 15 yards before Webb replaced Vail as Dixon's quarterback. LeBlanc bolted over right tackle for 13, but two consecutive pass attempts were knocked down by Bob Martin and Davis, respectively. Webb

scrambled for 18 yards around right end on the last play of the game.

"We Played Well"

"I thought we played well," Applebaum related, "although we don't have the size they do. We ran over the tackle holes and we blocked their tackles real well and these boys weighed 217 and 235 (pounds). But we handled them."

"It was pretty evident we could run against them. I think we surprised them at the start of the game but they didn't surprise us. They didn't manhandle us like a lot of people thought they would. We had two good chances to score but we didn't. I would just like the chance to make some of those (offensive) calls over again," he admitted with a smile.

"We moved the ball well in the second half and I can't be disappointed in our hitting. They just made the big play and we didn't." Final statistics show the Dukes had 14 first downs, with nine rushing, three passing and two by penalty, compared to the Golden Warriors' 15.

Dozen on the Ground

Sterling amassed a dozen on the ground, two passing and one on a penalty. The Golden Warriors utilized 306 yards rushing and 22 on two pass completions (in five attempts) for 328 net yards, while Dixon had a total of 210 with 144 on the ground.

Vail completed five of 15 passes for 57 yards. The Dukes had four fumbles and lost a pair, while Sterling had two bobbles and lost one. Dixon was penalized six times for 66 yards. The Golden Warriors were whistled four times for 50.

James paced Duke rushers with 111 net yards in 18 carries. LeBlanc added 45 in nine, while Webb had one for 18. After Anderson's 216 for Sterling, Skrongstad finished with 45 in nine.

Sterling also took the sophomore game, by an 8-6 count. Dixon took a 6-0 lead on a 16-yard scoring run by Chris Mullery in the opening quarter, but Sterling pushed across the winning touchdown and extra points in the third quarter.

Erickson advances

Rochelle fullback Art Erickson, who carried for 70 yards in nine carries, is shown on the move against Geneseo as the Hubs tripped the Maple Leafs, 8-0. Geneseo's Tom Reese (70) and Steve Fiers (89) close in on Erickson. (Telegraph Photo)

A's start Holtzman

By KEN RAPPOPORT
AP Sports Writer

LOS ANGELES (AP) — Center stage moved out of the Oakland clubhouse today as the colorful, controversial A's start swinging at the Los Angeles Dodgers in the opening game of baseball's 71st World Series.

Seeking to become only the third team ever to win three successive world titles, the American League champion A's sent left-hander Ken Holtzman, 19-17 in the regular season, against the Dodgers' right-handed fastballer, Andy Messersmith, 20-6.

The Dodgers are 11-10 favorites to win this best-of-seven series that begins at 1 p.m., PDT.

This freeway matchup between two highly competitive teams separated by 400 miles of California coast is the 18th World Series to be played within the borders of a single state, but the first since Walter O'Malley brought the Dodgers west 16 years ago.

It matches the veteran A's against the young, National League champion Dodgers; the quiet, stern O'Malley against the dictatorial, outspoken Charles O. Finley; the brawling, wash your dirty linen in public Oakland club against the harmonious, all-for-one and one-for-all Dodgers.

But their aim is the same: win this best-of-seven series and the \$20,000-per-man reward that goes with it.

The big question mark is Oakland superstar Reggie Jackson, an uncertain starter because of a pulled hamstring in his right leg. Jackson performed as a designated hitter in the playoffs, a position which doesn't exist in the World Series, and said he would not know until game time whether he'd play today.

Jackson lined some good shots to the outfield in Friday's batting practice, jogged easily around Dodger Stadium's red-clay running track and announced that he felt little pain. "I was only running at 80 per cent capacity, though," he said.

The combative A's staged another of their clubhouse fights Friday. According to witnesses, pitcher Blue Moon Odom made a personal remark to ace reliever Rollie Fingers. Fingers charged Odom, blows were exchanged and Fingers wound up with five stitches in his head.

It was later learned by The Associated Press that Odom suffered a sprained and badly bruised left ankle in the fight and his status for the World Series was in doubt Friday night.

The Dodgers are a curious team. They have looked awfully bad on some occasions, the most recent of which was a loss to Pittsburgh during the National League playoff when they made a record five errors. But they won 105 games this season, including the three playoff victories over the Pi-

rates, and would probably have won more if pitcher Tommy John had not been hurt halfway through the season.

With Jimmy Wynn having his finest season—32 home runs and 108 RBI—the Dodgers led the National League in homers with 139. They also hit .272, second in the major leagues.

The Dodgers deal in power, pitching and speed, and their style closely parallels their formidable opponents.

Both teams have superlative running threats in the No. 1 and No. 2 batting positions. Dave Lopes, the Dodger leadoff batter and cockiest of their young breed, stole 58 bases during the season. No. 2 man Bill Buckner batted .314 and stole 31 bases.

Bert Campaneris, the A's leadoff batter, had 34 steals this season and Bill North was the American League bases-tealing champ with 54.

Both teams have explosive 34-5 hitters. Steve Garvey was the Dodgers' big run-producer with 111 RBI and Sal Bando led the A's with 103.

The Dodgers boast an effective and sometimes overpowering pitching staff headed by Messersmith and Don Sutton, 19-9. Mike Marshall, who made a record 106 appearances, is the equal of any relief pitcher in the business.

The A's staff is similar, but they have three strong starters in Holtzman, Hunter and Vida Blue.

Rochelle upsets Geneseo on 66-yard run by Richards

By TIM LYON

ROCHELLE—The Rochelle Hubs accomplished what five other teams found impossible this season: scoring against the crack defense of the Geneseo Maple Leafs. Not only did the Hubs break the 151-0 scoring streak of Geneseo, but they also took the 8-0 victory in the NCIC game played here Friday night.

The two teams are now tied for the first-place honors in the Southwest Division of the NCIC, each with a record of 2-1.

Geneseo was the top-ranked team in its class in the state.

The contest proved to be real defensive battle all the way to the end, but the Maple Leafs began to slacken after Rochelle's fourth-quarter TD.

While both the teams were able to advance fairly well on the ground with short drive plays, no real yardage was ever allowed by the deadly defenses, and the offense was choked off every time.

Joel Richards, halfback for the Hubs, is the player responsible for the final-period score. With 4:50 remaining in the game, Rochelle quarterback Steve Plumley took the ball, faked his fullback, Art Erickson, and handed off to Richards. Richards ran through a gap on the right side, on Rochelle's 34, cut to left side and ran 66 yards for the TD.

Faking a kick by Chris Rice, Rochelle gained two extra points when Plumley, the holder, picked up the ball and passed to Richards in the end zone.

The first drive by both teams ended at least 25 yards short of the goal lines, but in its second drive Geneseo closed to within five. The Maple Leafs marched 40 yards in 11 plays but were pushed back to the ten on an offside penalty. They were unable to gain a first down from the fourth-and-six situation and had to surrender ownership of the ball.

Neither team was able to come even close to scoring position in the second period, exchanging the ball six times. Gonzalo Valdivieso, linebacker for the Hubs, made a critical

defensive play when he stopped Geneseo's Wayne Strader at the 15. Strader caught a screen pass from the Maple Leaf quarterback, Lane Boblett, and appeared to have an open field in the closing seconds of the first half.

The third quarter was even more of a defensive battle, neither team penetrating the 25. The game's only interception was made by Geneseo's Boblett when he pulled down a pass, thrown by Richards, intended for Andy Colbert, with a minute left in the third quarter.

The Hubs used the first five minutes of the final frame to march from Geneseo's 25, where they recovered a fumble, to the eight. But in ten plays they were unable to score and turned the ball over on downs.

The Maple Leafs were likewise unproductive for two minutes and made the punt which led to Rochelle's score.

After scoring, the Hubs had pretty well intimidated Geneseo. In its final drive Rochelle went 52 yards with little opposition, before the clock ran out.

The leading ground-gainers for Rochelle were Erickson with 70 yards in nine carries, Richards with 85 yards in eight carries, and Tom Walker with 29 yards in seven carries. The leading rushers for Geneseo were Chris Leamen with 20 yards in eight carries, and Strader with 124 yards in ten carries.

Next Friday night the Rochelle Hubs will be at Princeton.

Forreston loses

FORRESTON—A short 10 yard run in the third quarter by Byron's Doug Isham surprised the Cardinals in a Tiger 7-0 upset, here Friday night.

Both teams played top notch defensive games through the first half. Neither team managed to make a serious threat against the other team.

Byron finally broke the scoring jinx in the third quarter when Isham put the ball over the end zone line on a reverse play. Isham's score was set up on a fumble by Forreston on their own 20 yard line.

The fumble was what really hurt the Cardinal team. Time and time again the Tigers would push the Cardinals back deeper into their own territory. Forreston continued to fight back but could only manage to run the ball down to the Tiger 30 yard line.

Byron's Steve Molnar also helped deal the fatal blow to the Cardinals. Molnar kept the Forreston team out of scoring position with 50 plus yard punts.

Penalties against the Cardinals kept them from scoring throughout the game. The holding penalties against Forreston

stopped their drives and usually turned the ball over to the Tigers on fourth down situations.

Forreston did manage to beat Byron in the yards gained statistics. The Cardinals picked up a total of 164 yards with 93 yards rushing and 71 yards passing. Forreston completed four of nine passes.

Byron picked up a total of 143 yards with 133 yards picked up on rushing. The Rigers gained 10 yards on passing with two of four complete passes.

Forreston is now 1-3 in the Mid-Northern Conference standings with a 2-5 seasonal record. The Tigers racked up their first victory of the season and now have a 1-5 record.

Walnut fumbles aid Manlius in 18-0 win

MANLIUS — The Walnut Blue Raiders lost five fumbles here Friday night and the Manlius Red Devils turned three of them into touchdowns in an 18-0 Blackhawk Conference football victory over the Raiders.

After a scoreless first quarter, the Red Devils fell on a Walnut fumble on the Manlius 30. From that point the hosts drove 70 yards for the first score of the game with Gary Oloffson getting the final yard. A run for the conversion failed.

Another Walnut fumble in the second quarter, this time on the Manlius 24, gave the Red Devils

Polo drops 21-20 game to Stilman

STILLMAN VALLEY — Polo High School's Marcos made their aerial prowess against the rushing game of Stilman Valley and lost a 21-20 contest on the strength of a fourth quarter extra point kick.

Polo, leading in the Mid-Northern Conference going into the game with a 3-0 record, came off tied with the Stilman Valley eleven, both with 3-1 conference marks.

Stillman Valley scored first in the first quarter on a four-yard run by Gary Friestad, who also carried the ball into the end zone on the conversion for an 8-0 lead.

Polo matched that score on a four-yard scoring pass from Brad Hartje to Don Vock. Vock's kick attempt failed. The half ended that way, with Stilman holding a slim two-point edge.

The hosts came back in the third period to notch another score, this time on a three-yard effort by Friestad. Bob Fritz, who later kicked the deciding point, failed after the third period score.

Polo tied it up a short time later on a ten-yard pass from Hartje to Tom Clayton. Hartje rifled a conversion pass to Tim Mout to get the Mounders even.

Hartje put the Marcos ahead in the fourth quarter on a two-yard quarterback sneak. But

Hartje failed in an attempt to pass to Mout for the conversion.

Friestad carried for a 17-yard touchdown moments later and this time Fritz split the up-rights with his kick for the margin of victory.

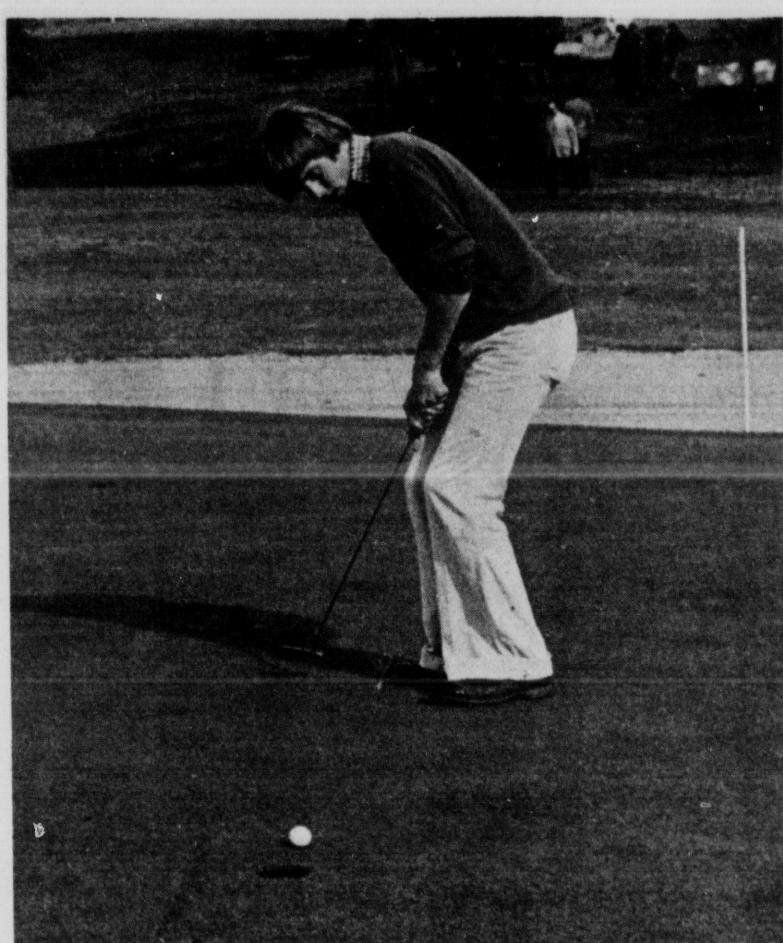

Hartje completed 13 of 22 passes for 171 yards. Vock caught six for 84. Clayton was on the receiving end of four for 24. Paul Coggins caught a 28-yarder and Scott Bartlett grabbed the Marco ground attack with 52 yards in 10 carries.

Friestad shredded Polo's defense with 159 yards rushing in 28 attempts.

Oregon crushes Pecatonica 40-0

OREGON— The Hawks continued on their winning way with their sights set on the conference title Friday night as they pounded the Pecatonica Indians, 40-0, here.

Oregon scored the only touchdown in the first quarter. Stu Gilbert put the Hawks on the board with a two-yard run but the point after attempt failed.

In the second quarter Greg Mathews took a pass, good for 37 yards, from quarterback Dan Bennett for the second score of the night. Kevin McDonald took a pass to score the two-point conversion. A four-yard pass from Bennett to Mike Blake scored the Hawks' third touchdown.

The Bennett-Blake combination teamed up again in the third quarter with a 20-yard pass for another Hawk touchdown. Ed Smith scored again for Oregon in the third quarter on a four-yard plunge. Willy Dilger kicked the extra point. Later Dilger failed on an attempt at the longest field-goal attempt by any Oregon kicker.

The final touchdown of the game came in the fourth quarter on a four-yard run by Mike Blumeyer. Dilger kicked the extra point to end the game's scoring.

The Indians never made a serious threat against the Hawks. Oregon kept grinding out the yards with a very even running game. Penalties did manage to hurt the Hawks but Pecatonica was never able to capitalize on the Oregon mistakes.

Oregon, now 3-1 in Mid-Northern play, meets Mt. Morris next week.

Comets even record

PORT BYRON— The Newman Comets moved into a second-place tie with Riverdale in the Illowa standings by downing the Rams 18-8, here, Friday night behind a good team effort. North Scott continues to lead the league with a 4-0 mark, while Newman and Riverdale now sport 3-1 ledgers.

Pat Lenhard started the Comets on their way to victory with a two-yard run in the first quarter before Dave Glassburn made it 12-0 with a six-yard scoring pass from quarterback Jim Nieman in the second stanza. Riverdale pushed across its only points of the night before the quarter expired as Tracy Stearns hit Greg Heist with a 14-yard touchdown pass. Brian Wake caught the conversion pass from Stearns to make it 12-8.

Newman iced the victory in the final quarter as Jeff Kelly bolted across from two yards out. Nieman ended the game with six of 14 passes for 83

Ohio wins 42-6

OHIO — The Ohio Bulldogs utilized two touchdown passes and a 39-yard run from half-back Duane Blaine to crush the Neponset Zephyrs 42-6, here, to win their initial Little Eight conference football game Friday night.

It was homecoming for the Bulldogs who scored in every quarter. Blaine scampered 39 yards for the initial Ohio touchdown in the first quarter. Dave Piper hit Nick Johnson with the two-point conversion pass. Blaine fired a 27-yard scoring strike to end Jim Brandau to make it 14-0 in the second stanza.

Ohio upped its advantage to 22-0 in the third quarter as Mike Anderson tallied on a three-yard run. Piper threw a conversion pass to Jim Ryan. The Bulldogs added a trio of touchdowns in the final dozen minutes as Johnson plunged over from the one, Blaine hit Mark McDonald with an eight-yard pass and Ryan scored on a blocked punt. Piper hit Brandau with an

aerial for the only successful conversion. Neponset averted a shut out as John Wall ran 46 yards before time expired. The Zephyrs were limited to only two first downs in the game while Ohio racked up 14.

Ohio, now 1-4 for the season, travels to Annawan next Friday.

What Is What It's All About!
No man wants to look any older than he really is. As a matter of fact, most men would prefer to look a little younger. SKIN, the ultimate (and we mean ULTIMATE) hair replacement, makes it possible for every man to look and be the image of what he thinks he should be. his outstanding, even revolutionary, concept of epithelial engineering offers the active, vital man every advantage he's ever looked for.

What Makes "Skin"
The Ultimate
The WONDER SKIN BASE, which we call a marvel of epithelial engineering, possesses more advantages than your own natural scalp and growing hair. First, it is a soft, but durable, translucent, flesh-like polyurethane material that transmits your own natural skin color. It is also THERMAL CONDUCTIVE, which means it transmits body heat — a very important consideration. The result is a reduction in normal perspiration rate and an increase in wearing comfort; it allows your scalp to breathe. The most immediate impressive feature of this fully hand-made hairpiece is the appearance of an absolutely natural hairgrowth pattern. Each hair is permanently implanted, one by one, in the skin base, 100 per cent genuine human hair.

This process also introduces a permanent hair fibre wave and gives it greater body for natural styling manageability.

People in the news

RABAT, Morocco (AP) — The Libyan News Agency says Col. Moammar Khadafy, determined to stamp out drinking in the country, has cracked down even harder on anyone who touches the stuff.

The agency reported Friday that from now on anyone caught drinking can lose his job, right to vote, right to testify in court and driving permit.

In the past, persons caught drinking in Libya faced fines and prison terms. The news agency said those penalties will remain in effect.

VATICAN CITY (AP) — Stefan Cardinal Wyszyński, archbishop of Gniezno and Warsaw, Poland, has blasted Communist countries for using public money to spread atheism rather than improve the living standards of their masses.

He urged the Synod of Bishops on Friday to strongly condemn this practice and any forms of religious persecution in Communist nations.

NEW HAVEN, Conn. (AP) — The U.S. government is encouraging a poorly informed scientific assault against diseases like cancer, says Dr. George Palade, cowner of the 1974 Nobel medicine.

"It is clear the administration would like to put more money in what is called applied research" rather than in basic research, he said Friday at a news conference.

That approach amounts to an assumption "the wall of mystery will crumble even though we don't know how thick the wall is," Palade commented.

"What we are doing at present is promising the conquest of cancer" but "we really don't know how clever the enemy is. We don't have enough basic information."

The Texas Instruments SR-50...the slide rule calculator that solves problems in seconds

What this Texas Instruments calculator can do for you

- Performs all classical slide rule functions—simple arithmetic, reciprocals, factorials, exponentiation, roots, trigonometric and logarithmic functions, all in free floating decimal point or in scientific notation.
- Features an algebraic keyboard with single function keys for easy problem solving.
- Most functions process displayed data only—allows separate processing of data before entry in a complex calculation.
- Memory allows storage and recall of numbers, features sum key for accumulation to memory.
- Calculates answers to 13 significant digits; uses all 13 digits in subsequent calculations for maximum accuracy.
- Computes and displays numbers as large as $\pm 9.999999999 \times 10^{99}$ and as small as $\pm 1.000000000 \times 10^{-99}$.
- Converts automatically to scientific notation when calculated answer is greater than 10^{10} or less than 10^{-10} .
- Performs operations in the order problem is stated.
- Features bright 14-character display—10-digit mantissa, 2-digit exponent, 2 signs.
- Display provides overflow, underflow, and error indications.
- Features the following function keys:
 - Addition Key
 - Subtraction Key
 - Multiplication Key
 - Division Key
 - Equals Key
 - Clear Entry Key
 - Clear Key—Clears information in the calculator and sets the calculator to zero.
 - Pi Key—Enters the value of pi (π) to 13 significant digits into calculations.
 - Change Sign Key—Changes the sign of the number displayed.
 - Square Key—Squares the number displayed.
 - Square Root Key—Finds the square root of the number displayed.
 - Reciprocal Key—Finds the reciprocal of the number displayed.
 - Factorial Key—Finds the factorial of the number displayed.
 - Sine Key—Determines sine of the displayed angle.
 - Cosine Key—Determines cosine of the displayed angle.
 - Tangent Key—Determines tangent of the displayed angle.
 - Inverse Trigonometric Key—Determines the angle of the selected trig function whose value is the displayed quantity, when pressed as a prefix to the sin, cos, or tan key.
 - Hyperbolic Function Key—Determines the hyperbolic function of the displayed angle when pressed as a prefix to the sin, cos, or tan key.
 - Angle Change Key—Converts the displayed angle from radians to degrees or from degrees to radians.
 - Determines the logarithm to the base 10 of the displayed number.
 - Natural Logarithm Key—Determines the logarithm to the base e of the displayed number.
 - e to the x Power Key—Raises the value of e to the displayed power.
 - y to the x Power Key—Raises y to the power of x.
 - xth Root of y Key—Finds the xth root of y.
 - Exchange Key—Exchanges the x and y quantities in y^x or x^y before the function is processed.
 - Store Key—Stores the displayed quantity in the memory.
 - Recall Key—Retrieves stored data from the memory.
 - Sum and Store Key—Adds the displayed number to the number in the memory, and stores the sum in the memory.
- Full floating decimal.
- Lightweight, fully portable.
- Rechargeable batteries or AC operation.
- Full year manufacturers warranty.
- AC Adapter/Charger included.
